Welcome to the home that has it all – ideal size, thoughtful updates, and a family-friendly layout on a quiet street with no neighbours behind. From the moment you step inside, you’ll love the bright, open-concept main floor, freshly updated with white kitchen cabinets, a new kitchen exhaust fan, and sleek new pot lights (2025) that make the whole space feel airy and modern.

Upstairs offers three generous bedrooms, including a primary suite perfect for relaxing, plus a spacious bonus room that’s ready for movie nights, playdates, or a cozy home office. The fully finished basement (completed in 2024 without permit) adds even more room to grow, whether you need a gym, guest space, or rec room.

The low-maintenance backyard gives you space to enjoy the outdoors without the extra weekend work, and the double attached garage means comfort and convenience all year round.

Notable upgrades include: new stove and washer (2024), new roof (2024), and that beautifully refreshed kitchen (2025). All that’s left to do is move in and make memories.
